# OUR SERVICES

## INTEGRATED PROJECT MANAGEMENT SERVICES

### Business development and marketing

Our Business Development and Marketing team drives growth by identifying opportunities, expanding client networks, and strengthening our clients market presence.

### Planning Advisory & Market Preparation

We guide clients in identifying relevant business scopes, navigating regional procedures, and preparing documentation aligned with market expectations.

### Project Framework Development & Compliance Alignment

We assist in organizing project structures and preparing required documentation to ensure smooth compliance and operational readiness.

### Project Execution & Management

Our Expertise in leading end-to-end project lifecycle management, ensures timely delivery, budget compliance, and quality control.

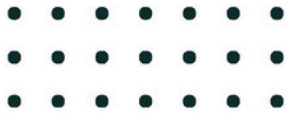

### EPC Contracting Services

We have a Proven track record in managing Engineering, Procurement, and Construction (EPC) contracts for large-scale projects.

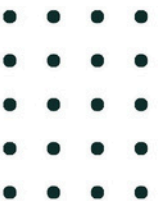

# INVESTMENT CONSULTANCY & FINANCIAL MANAGEMENT SERVICES

New Horizon provides strategic financial planning and investment consultancy services that support the full project lifecycle—from initial budgeting and funding strategies to post-project reinvestment planning. Our services are grounded in financial expertise and a deep understanding of market dynamics across the GCC, enabling clients to make confident, growth-oriented decisions.

## Fundraising Advisory & Project Financial Structuring

Support services for sourcing and structuring funds required for project execution.

## Project Viability Assessment & Budgeting

Conducting feasibility and financial viability studies to support project planning and developing realistic project budgets, backed by in-depth market understanding of each GCC country.

## Financial Operations & Cash Flow Management

We provide financial management and operation services during the execution of projects, including project cash flow management, milestone-linked expenditure monitoring and ensuring alignment between financial forecasts and project progress, while managing procurement and subcontractor payments.

## Post-Project Investment Services

We support clients by creating and managing their investment portfolios from the proceeds out of our collaborated projects, enabling them to optimize the growth and diversification of their investments.

# REPRESENTATIVE & BUSINESS ACQUISITION AND DEVELOPMENT SERVICES

## Regional Representation & Liaison Support

We act on behalf of our clients in the region, assisting with day-to-day coordination, business setup, and local interactions in a professional and result oriented manner.

## Business Opportunity Identification

We help identify relevant project and service opportunities across target industries, providing insight on market developments and operational prospects.

## Support for Local Procedures & Presence

We assist clients with procedural navigation, documentation flow, and representation during business discussions or meetings when needed.

# TURNKEY PROJECT MANAGEMENT SERVICES

Our Turnkey Project Management service offers a comprehensive, end-to-end solution, where we handle all stages of the project, from initial planning and design to procurement, construction, and final commissioning. We manage every aspect of the process, ensuring seamless execution and delivering a fully completed and operational project to the client, ready for immediate use with minimal involvement required from them.

# BUILDING & CONSTRUCTION MATERIALS SUPPLY

## ● Electrical Materials

We supply a wide range of electrical items including cabling, switchgear, lighting systems, and control panels for commercial and industrial projects.

## ● Mechanical Systems

We provide HVAC systems, ducting solutions, and mechanical equipments that meet performance and efficiency standards.

## ● Oil & Gas Spare Parts Supply

We offer durable and certified Oil & gas spare parts, including Valves, Gauges, Pipes, Specialized coating, Cathodic Protection items and related accessories suitable for various operational needs.

## ● MEP Accessories & Consumables

We deliver installation and maintenance materials required to support complete MEP system integration.

## ● Approved Product Lines

Our attention to detail and knowledge about compliant specifications, approval processes and prequalification requirements equip us to be a leader in supply of materials to contractors and entities across GCC for government projects.

THANK YOU
